FEBRUARY HAPPENINGS

We hope our families have a FABULOUS February filled with lots of love, joy, and of course learning! We love seeing all the things the children love about school on the hearts at the front office. If you would like, please stop by the front office and pick up a heart to decorate for our window!

We are happy to announce we are taking part in a special event to spread the love. Stop by the front desk if interested in purchasing a Candygram for a child or a teacher this Valentines season! Candygrams can be purchased for \$1.00 each from February 3rd-12th and will be delivered to your child on Valentine's Day.

We are looking forward to celebrating Valentines Day. Parents - please join us to escort your child to the Sweetheart Dance on Friday, February 14th from 4:00-5:30pm.

Please be sure to check with your child's teacher regarding class lists for Valentines and party sign ups.

Is your child heading to Kindergarten in the fall? If so, please check out our Kindergarten Readiness Event from 3:30-5:30 on Friday, February 28th. This event will have stations that families can rotate through during that block of time. Stations will include the local library, before/after care, information on our Private Kindergarten Program, Here I Come Kindergarten Craft, Friendship Trailmix, and more!

MONTHLY SAFETY TOPIC:

February is Dental Health Month. Be sure to check out our Parent Communication Boards around the school to view information from the Nationwide Children's Hospital regarding teeth and gum care. You will also find a copy of a Home Care Goals sheet for Healthy Teeth for 0-5 Year Olds that reflect healthy habits for young children.

We are looking forward to having a special guest, Dr. Judy of Building Blocks Pediatric Dentistry out to visit with our Preschool, Pre-K, K Prep, and Kindergarten classrooms to discuss how to keep our teeth healthy.

Be sure to check out our resource area on dental health at the upcoming Sweetheart Dance on Friday, February 14th. We will have free samples to give away at this event as well!

FARM TO SCHOOL CONNECTION:

Our PA Harvest of the Month for February is mushrooms. Mushrooms are made up of three main parts- the cap, the gills, and the stem. They are unique as they do not need light to grow. Did you know that mushrooms are made up of 90% water? Did you know that PA takes the lead in mushroom production with over 55 farms? Our state grows over 557 million pounds of mushrooms per year. Take a look at our Harvest of the Month bulletin board in the hall near the kitchen to learn more or view recipes to try at home.

REMINDER:

We strive to maintain a clean, healthy learning environment for our children here at LifeSpan. If your child attends a classroom with a naptime, please remember to take all bedding home at the end of each week for wash and return for a fresh start for the new week.
