March's Tip of the Month: Car Seat Safety

2

Car Seats: Information for Families

One of the most important jobs you have as a parent is keeping your child safe when they are riding in a vehicle. Each year, thousands of young children are killed or injured in car crashes. Proper use of car safety seats helps keep children safe. But, because so many different seats are on the market, many parents find this overwhelming. Help is available. Read on for tips on choosing the car seat that best fits your child.

Differences in car seats

Car safety seats are not all the same. The type of seat your child needs depends on several things, including your child's age, size, and developmental needs. So, it's important to read the vehicle owner's manual and the car safety seat manual each time you install the seat. All parents can benefit from getting professional installation help to ensure that their child's seat is properly installed.

If you are expectant parents, consider working with a certified child passenger safety technician before your baby is born to ensure a safe ride home from the hospital.

Here is more information from the American Academy of Pediatrics (AAP) about choosing the most appropriate car safety seat for your child.

Start your search

This chart is a quick guide on where to begin to find the right car seat for your child. It's important to continue your research to learn about each seat you use.

Download this comprehensive 2024 Car Seat Product List for details about weight and height limits and estimated prices. Throughout this article, you will also find buttons linking to 2024 car safety seat listings by product type.

Other Information

- ~ Don't forget to check out our LifeSpan Facebook page and website.
- ~ What information would you like to see on the newsletter? Let me know at kparis@lq.org
- ~ Please be sure to bring your child weather appropriate clothing ie: jackets may still be necessary on the chilly mornings or sunglasses and hats for the sun. Please also be sure your child is wearing closed-toed shoes. Our policy is to take the children outside between the real feel temperatures of 25 and 90 degrees. Please label all your children's belongings.
