Picnic Lunch Day – Let's picnic outside!

Friday, June 20th

Friday Spirit Day: Dress Like a Pirate

Wednesday, June 25th

SPLASH DAY!

Friday, June, 27th

Friday Spirit Day: Pajama Day

It is hard to believe the end of the school year is quickly approaching and our Kindergartners will be heading off to first grade in just a few months! We are happy to celebrate the graduations for our Pre-K Counts, Pre-K, Kindergarten Prep, and Kindergarten children with their families. We are so proud of all our little graduates! We cannot thank you enough for sharing their early learning experiences with us here at LifeSpan!

As we switch gears into summer mode there are a few important things to keep in mind. Be aware that the children will go outside most days weather and temperature permitting. Children should be dressed for play during warm weather months. We ask that this includes safe closed toed shoes rather than sandals or flip flops.

SPLASH DAYS

On SPLASH DAYS send your child with a bathing suit and towel for water play. Be sure to sign your child's permission slip for sunscreen. It is best to apply sunscreen to your child prior to dropping off and we will reapply with the supplied sunscreen here during the day as needed. This helps the classrooms get outside and enjoy more of their time. SPLASH DAYS WILL BE HELD MOST WEDNESDAYS THROUGHOUT THE SUMMER:

Wednesday, June 25th

Wednesday, July 2nd

Wednesday, July 9th

Wednesday, July 16th

Wednesday, July 23rd

Wednesday, July 30th

Wednesday, August 6th

Wednesday, August 13th

PA Harvest of the Month

Our PA Harvest of the Month for June is Strawberries. Did you know that there are 200 seeds in a strawberry? Did you know that strawberries are the only fruit with seeds on the outside? When enjoying strawberries at home, they may remain in dry storage for up to 24 hours. If keeping strawberries in the refrigerator, they may be kept in the refrigerator at temperatures below 41 degrees for up to 3 days or up to 2 weeks if the temperature is 32 degrees with a humidity of 95%. Strawberries are an excellent source for Vitamin C.

Sunscreen Safety

Sun Safety is our monthly safety topic for June. Sunscreen should be applied to skin at least 30 minutes prior to going outside. Classrooms often go outside in the morning and the afternoon. It is best practice to send your child to school with sunscreen applied. Teachers will reapply as needed before splash day and afternoon outdoor time.

At LifeSpan, we have permission slips to fill out at the front desk to permit the teachers to apply sunscreen at school. All sunscreen that comes to school should have a label with the child's first and last name on this form. Sunscreen should NOT be placed in a child's bag as staff are required to keep sunscreen out of reach of children for safety. Be sure to check the expiration date of the sunscreen. If sunscreen appears to change in color or consistency, it is time to replace.
