August 31st

FIRST DAY OF SCHOOL

AUGUST HAPPENINGS:

We are looking forward to celebrating with our annual **school carnival on August 27th from 3:30-5:30PM!** We hope to see you all there for games, prizes, and fun! The carnival will have FREE pony rides, FREE crafts, and more! We will have a food vender that accepts card, cash, and venmo. This is a great opportunity to meet some of our LifeSpan teachers and enjoy a school activity together!

We will also have a selection of raffle prizes available so bring some cash! Tickets will be \$1 each, \$2 for 5 tickets, \$10 for an arm's length. We will not have change on hand so be sure to plan accordingly.

Please keep in mind we will be **CLOSED** the following day- **August 28th for Professional Development Day.** Teachers will be engaging in training hours and preparing classrooms for the first day of school!

We want to thank all our families for spending their summer with us! We made new memories together! Looking into starting the school year please keep the following tips in mind:

1. Establish a morning routine and practice the routine- consistency does wonders!
2. Reach out to the classroom teacher at the start of the year to share any necessary information to help set your child up for success
3. Get involved! Check with your child's teacher how you can assist your child's learning at home
4. Be organized. Be sure to read your child's classroom welcome packet to know what to bring to school as well as what not to bring to avoid distractions or clutter at school
5. Create a consistent bedtime. Summer may have led to later nights. Be sure to rest up to start the school day right.

MONTHLY SAFETY TOPIC

Our safety topic of the month for August is Immunization Schedules and Medication Safety. Each year the CDC posts the recommended list of immunizations for children by specific age groups. Visit cdc.gov or check out your child's classroom parent communication board to see the latest recommendations for child immunizations.

Did you know your child can get FREE vaccines? Call 1-877-PA-HEALTH to find a Vaccines for Children (VFC) program near you to inquire.

When looking at medications, it is always important to remember the "5 rights." Be sure to check it is the right name, right medication, right dose, right route of administration, and the right time before administering any medication to a child. If you have medications that are unused or expired, you can find disposable boxes at local pharmacies, police departments, fire stations, and/or municipal buildings.

Please join us in wishing the following a very happy birthday this month!

FARM TO SCHOOL CONNECTION

Our Pa Harvest of the Month for the Month of August is tomatoes. Did you know there are many different types of tomatoes? Some of the best growing tomatoes in PA are Mister Stripy, Brandywine Red, Sunbeam, and Gold Nugget. Tomatoes come in a variety of sizes too, such as cherry or grape, plum, and beefsteak. Some tomato plants grow flowers and produce fruit all year round. When it comes to selecting ripe tomatoes, you should look for ones that have a bright red, shiny skin. Be sure to check out our PA Harvest of the Month board near the LifeSpan kitchen for more tomato facts and a recipe to try at home featuring a twist on tomato soup!
